This project is carried out with the assistance of the European Commission.

Project Objectives

1. Promoting the active participation of younger and elderly people in democratic processes to further develop European cooperation
2. Intensifying the intergenerational dialogue for the further development of cross-generational learning and for the understanding of current processes in the European Union
3. Promoting the development of young talent in engineering, sciences, computer sciences and economy through the exchange of information with professionally experienced, retired specialists
4. Development of information exchange and neighbourly relations between the partners, connected with the improvement of foreign language and IT skills

Methods

- Excursions, discussion forums, meetings of disseminators
- Preparation of PowerPoint presentations & production of audio recordings and videos
- Interviews, Webconferences
- Expansion of the cross-generational communication through the project tasks
- Expansion of the cross-generational communication through the project tasks

Outcomes

- Preparation of teaching and learning materials based on reports of contemporary witnesses and talks between generations
- Creation of a final brochure
- Development of an industrial heritage route through Chemnitz
- Publication and utilisation of the project results in touring exhibitions (photos, videos)
- Documentation of the project activities in a digital diary

Project Conferences

Meetings of all groups

06/ 2015 in Ljubljana
10/ 2016 in Liberec
05/ 2017 in Chemnitz

Project Activities

- Organisation of intergenerational activities between senior citizens, pupils and students
- Joint development of an industrial heritage route by the elderly and pupils
- Organisation of a joint activity for the partners of the project “Generations jointly build paper bridges for Europe“
- Designing and using a joint project website
- Cross-generational discussions about the parliamentary work as well as the European partner countries and their cultures
- Varied activities to develop and improve the IT and foreign language skills of the elderly

Strategic Partnership

“Elderly and younger people build bridges for Europe”

EU Project

2014 -2017
